

We are looking for

Sales Engineer (m/f)

for our location in Brussels

The BUTTING Group is one of the European leaders in the processing of stainless steels. We focus our business activities on the production of longitudinally welded stainless steel pipes, fittings, vessels, pipings and components ready for installation. More than 1400 employees of the family-owned enterprise, founded in 1777, generate an annual turnover of about € 280 million at the locations Knesebeck, Schwedt, Shanghai, Hong Kong, Calgary, Blumenau and Brussels.

MPE s.a., an affiliated company of the BUTTING Group and based in Brussels, operates in high-tech sectors such as the nuclear and aeronautical industries. The company has established a strong reputation in the design/manufacture of complex mechanical parts and additionally offers the planning and production of prototypes.

Functions:

- You will prospect, visit and win new customers and care/develop our existing business relationship to increase our sales volume significantly
- You will represent the company at trade exhibitions and conferences
- You will keep abreast of what competitors are doing
- You will report to the Sales Director

Profile:

- You successfully completed engineering or business studies
- You are a technically minded sales professional, ideally with experience in a manufacturing company working for power generation or nuclear industry
- You are experienced in opening new markets
- Ideally you have the necessary metallurgical or mechanical knowledge in the transformation of metals and/or stainless steels and are able to match an MPE solution to a customer requirement
- You have good marketing and inter-personal skills and can negotiate skilfully in French, Dutch and English, ideally also German
- You are a good team player

Based in Brussels, you are willing to travel regularly

Additional information:

MPE s.a. and BUTTING offer you the opportunity to discover a high-tech sector, a very wide range of tasks and challenging career opportunities of an international group.

Start: immediately

We are looking forward to your application!

MPE s.a.
